Re: Blanket Overweight/Utility Permit dated March 8, 2012

Dear Mr. Jackson,

We are writing to request an extension of the above noted permit to a three month period after the end of the rainy season. As you may recall, we are trying to move a fill pile from our Lakeside Landings project across CR 117 to a vacant site to the west. We will only be impacting approximately twenty feet of 117 and are prepared to replace or repair the section as instructed by the County.

We have negotiated with several contractors for the relocating of the fill but have not been able to reach a suitable arrangement. There has been no transfer of materials since we stopped several months ago.

Your assistance in obtaining this extension would be greatly appreciated.

Thank you,

A handwritten signature in black ink, appearing to read "John J. Agnelli", is written over the typed name and title.
